OF CHARLES H. FREEMAN.

In Memoriam

The invisible hand has written "Finis" to a career all too short in its richness. DeWitt Creveling Jr. died as he had lived—in the service of his fellow man and more specifically in the service of young people.

It may be that the Spanish he taught may soon be forgotten; that "By the right flank" or "Company, halt" may not long register with those who were his Cadets, but it matters little if what one said or did be not long remembered. Mr. Creveling's claim to an immortal place in the hearts of those who knew him was his friendly smile, his ready wit, his innate kindness, his wise and generous counsel, his love for all living things.

Dinuba High School students and faculty members whose pleasure it was to know Mr. Creveling, will live more fully, more righteously for having been associated with the little man with the big heart.

Foreword

This 1950 issue of the Delphic Echoes is your link between events of today and the happenings of tomorrow. In later years you will appreciate the memories of exciting high school days that are unfolded when you open your annual and look upon the faces and recall friendships so dear to your heart.

Your past dreams, friends, activities, and accomplishments are concealed for your pleasure in this 1950 year book.

Throughout this book the appropriate theme, "Building and Progress", has been carried out.

The new gym and swimming pool are in the limelight, as they are the most important accomplishment for this year.

As you turn the pages of this, your book, we trust you will derive a great deal of pleasure from the experience, and that each succeeding perusal may bring added interest and pleasure.

Dedication

The Educational Code of California states: "Except when otherwise authorized by law, every school district shall be under the control of a board of school trustees." This is a broad statement, implying the many duties of our five trustees.

It is the responsibility of the board to determine the policies under which our faculty and student body will operate. We know that each member of our board is motivated by a desire to help provide a better school for the district. Board members are called upon to give freely of their time and labor. This has been doubly true during the past few years as the board struggled with problems of finance and school construction. For all of these efforts the board members received not one cent of pay and little or no thanks from the patrons or the students of the district. For their efforts they probably hear many words of criticism to each single word of praise.

As a very small token of our appreciation, we dedicate to our Board of Trustees this annual; we are glad that they are representing our district.

EDWARD D. MORGAN

Our Principal

As the 1949-50 school year draws to a close, I wish to express my appreciation to the Board of Trustees, faculty and students for making this year a happy, fruitful one. With the near completion of our new gymnasium and swimming pool, we have witnessed the culmination of three years of planning, made possible by the citizens of our district and promoted by our Board of Trustees, the Dinuba Elementary School Board and the Dinuba City Council. May we who will have the privilege of using these facilities ever conduct ourselves in a manner worthy of this support.

As we face the second half of the twentieth century, we are fully aware of the contribution our school must make if the ideals of democracy are to continue to be our way of life. I know that our board, faculty and students will continually strive toward the fulfillment of these ideals.

I congratulate the annual staff on a job well done.

—EDWARD D. MORGAN

Vice Principal

For such success as I may have this year achieved as counselor, disciplinarian, keeper of attendance, records, etc., I would like to say, "Thanks" to my boss, Mr. Morgan, to the faculty and students.

The job of vice principal is not always an easy one. Sometimes problems are numerous and complex and decisions are often difficult to make. However, it has been a most interesting job and one which brings much satisfaction when it is possible to see that a young person has been helped.

My congratulations to the Senior Class to whom I always feel quite close.

A Tribute

Our school is very unfortunate this year because we are to lose a member of the office staff who has been with us for a good many years. You will remember, in the 1949 annual, she was classed as a "one man committee," and with the work she does we believe this a very appropriate title.

We wish to thank you, Mrs. Burum, for your faithful, efficient service, and may your future life be rich in happiness and pleasant memories.

Student Council

This group has worked together, meeting each Wednesday to discuss and guide your destinies for the past year. This is one of the places in our school where we see democracy in action.

With the able assistance of Miss Linn this group has, to the best of their ability, led the student body on in greater progress in school spirit and sportsmanship.

For their initiation this year, the Frosh were used as "slaves" for the upperclassmen. Each "greenie" had to carry his "master's" books and do everything else that was asked. Fortunately for them, "smearing" was prohibited, but the Seniors, remembering their initiation days, made the freshmen as miserable as possible for a day.

The Frosh presented their annual assembly with skits and several numbers played by the "Hungry Five" under the direction of Bob Butler.

There was an extremely large number of freshmen this year, which gave us new boys to train in sports and activities.

The Sophomore class has had a very successful year. Two Sophomores had leads in the Student Body Play. The class was rated high in scholastic and athletic events. The Sophomore assembly included a skit and some musical entertainment. We know you'll do even, a better job next year when you're upperclassmen.

The Class of '51 moved into its junior year with grace and leadership. The outstanding accomplishment was the Junior-Senior Prom held May 9, and the Banquet held May 12, carrying out the theme "Stardust." The Junior Class play, "Henrietta the Eighth," was presented January 27. The Junior talent assembly presented for the Student Body March 3, was enjoyed by all. The Junior float entered in the Raisin Day parade took second place with a \$15 prize. Dances were sponsored by junior girls at the Womens Club House and two junior girls, Jo Anne Hutson and Wanda Terry represented the class at the Military Ball. Junior boys took an outstanding lead in all sports. With these things behind you, next year will profit under your leadership as the top class of D. U. H. S.

Most Popular Seniors

Bobbie Jean Collette and Louis Fissori were chosen most popular girl and boy of the Senior Class, in a student body popularity contest sponsored by the Delphic Echoes.

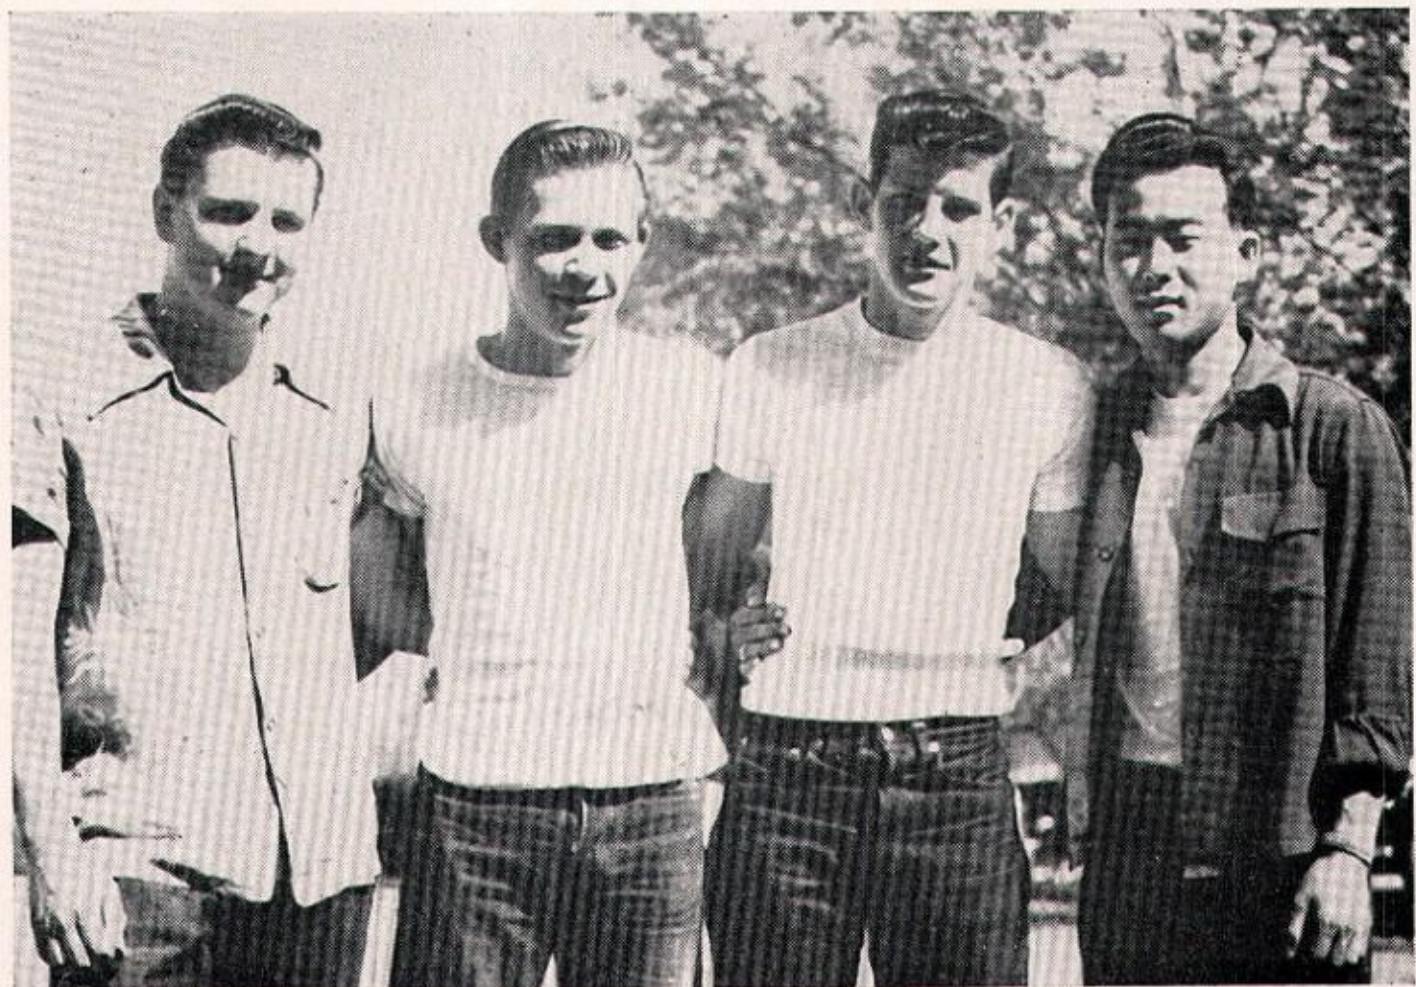

Both students participated in their freshman assembly. Bobbie Jean was an attendant for the Military Ball and was in a dance routine in the Band Show of 1948. She was Dinuba's Raisin Day Queen in 1948, and in her junior year she was in the Junior Class and Student Body plays. In her senior year Bobbie Jean was chosen "Queen of Queens" in a contest sponsored by the Greater Valley Empire Association. She was chosen cutest girl in D.U.H.S., took an active part in the Band Show of 1950, and participated in the Student Body play.

Louis Fissori has been active in sports; has been on the football team four years, and a member of the Boys' Block "D" for three. He was in the Student Body play, both in his junior and senior years and has taken part in class activities throughout his four years of high school.

As Frosh we had quite a successful year. Our most exciting event was probably initiation. Since we were the last group of freshmen to be initiated by smearing, the upper classmen really gave us a going over. We also presented a very good assembly which followed the theme, "Mother Goose and Nursery Rhymes."

Several of our students participated in sports and other extra-curricular activities.

1947-48

President Jimmy Slayton
Vice President Lloyd Johnson
Secretary Mary Jane Turner
Treasurer Mary Ann Roque

As upper lower-classmen we started off the year by giving a very successful "Sock Hop" in the old gym. We also had concessions at the football games and did other things to raise money for the Prom. Quite a few of the Sophomores took part in sports and other activities.

1948-49

President Dwight Carlson
Vice President Donna Hackett
Secretary Nancy Fukushima
Treasurer Gordon Nagata

Our most important project this year was the Junior-Senior Prom. We changed the tradition by having the banquet and dance on separate nights. It proved to be quite successful. "May Day" was our theme, and since the gym was unusable we presented the dance in the Masonic Hall.

We had quite a few fellows who were outstanding in sports, and a lot of our Juniors participated in many other activities. The Junior Class play, "Me and My Shadow," turned out to be very good and profitable.

1949-50

President David Wagner
Vice President Richard Leider
Secretary Tom Becker
Treasurer Eugene White

Starting off our high and mighty senior year, the biggest highlight was "Senior Dress-Up Day," followed by our Senior assembly. The program consisted of skits and a fashion show, with the Seniors modeling their "Dress-Up" costumes.

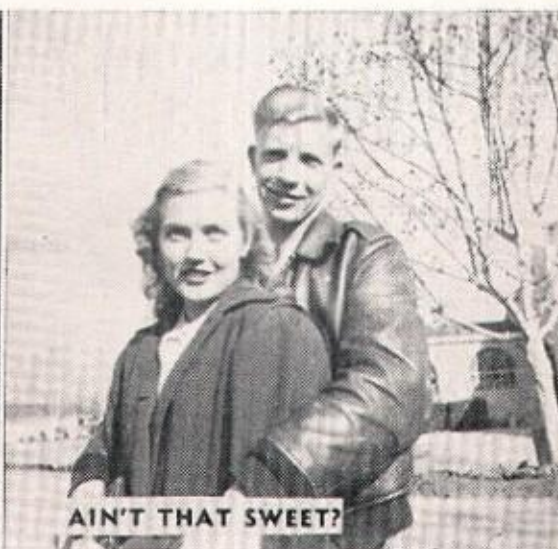

Next the Juniors presented us with the annual banquet and dance, which we enjoyed very much.

Pleasant memories are recalled to our mind when we look back on our past high school days. Each year seemed to bring us more fun and exciting events.

Farewell, D.U.H.S., and may the other classes have as many pleasant memories as we have.

Activities

Cadets

Since P. E. facilities were again available to the boys this year, the Cadet Corps was smaller than usual.

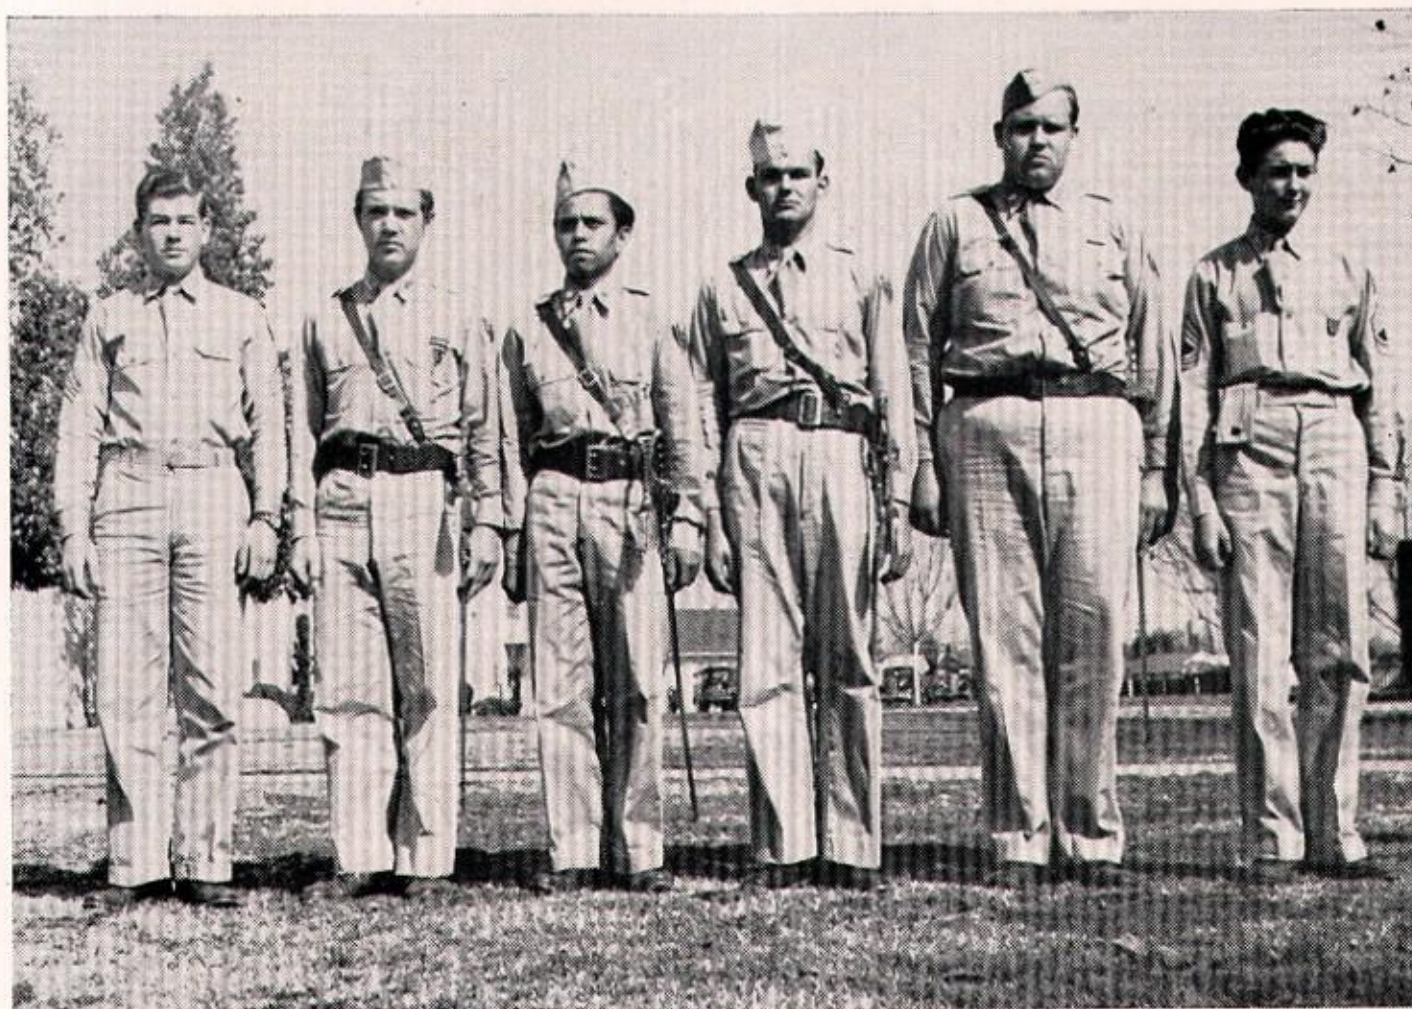

Each year the Cadets sponsor several outstanding activities. On March 17 they

held their annual Military Ball. Shirley Ahl reigned as queen and her attendants were Jo Anne Hutson and Wanda Terry, juniors; Ginger Jenkins, sophomore, and Jeannie Roach, freshman.

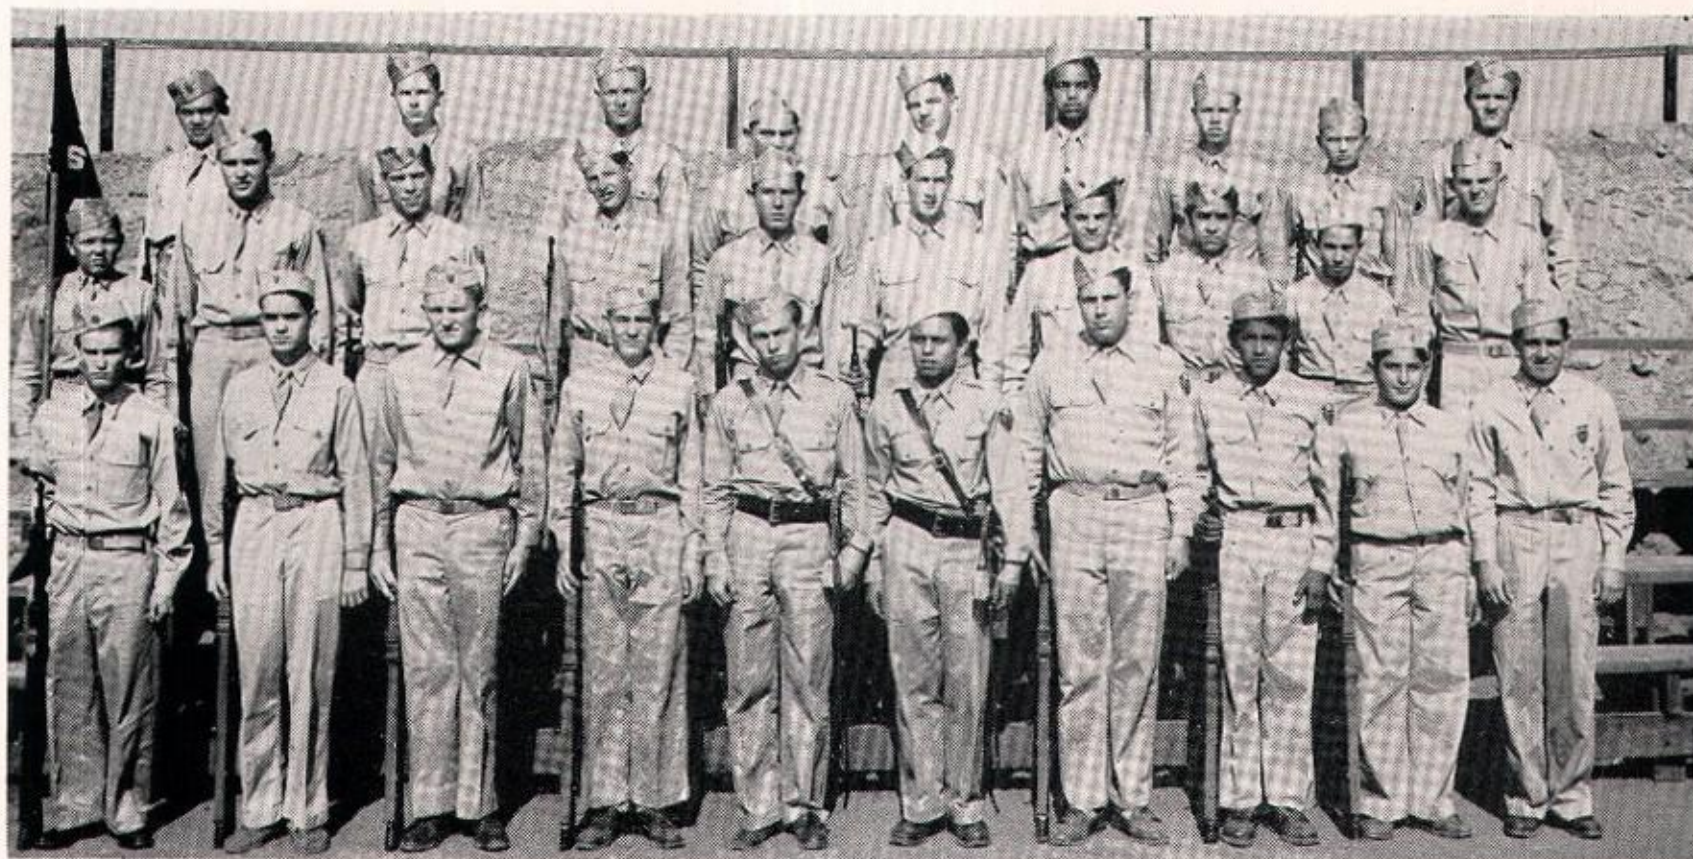

CAPTAIN BILL ASHER

Officers this year were: Major, Terrill Wells; Captain A Company, Don Barry; First Lieutenant A Company, Charles Martinez; Captain B Company, Earl Jones; First Lieutenant B Company, Howard Calhoun.

Among the numerous activities of the band this year, the 1950 Band Show, "Music Around the World," was the most important accomplishment. For the first time in ten years the band performed on our football field. It also participated in many

parades. In a competitive parade in Exeter the band, led by Jo Anne Hutson, drum major, took first place.

Although many members will be lost with the graduating class, the band is expected to be as much a success next year.

Girls' Chorus

The Girls' Chorus, directed by William Cargile, has made an outstanding record for itself during the past year. The first of its activities was a Christmas Cantata presented in the high school auditorium. This presentation, which was free to the public, was deemed a very successful project.

The Chorus also played a very important part in the Band Show, "Music Around the World." The 40-voice group sang such numbers as "Begin the Beguine" and, accompanied by Richard Leider on the accordion, "Celito Lindo."

Later in the year a half-hour radio program featuring the chorus was broadcast over KRDU.

In the spring the group traveled to Fresno to sing in the California Music Festival, where they received an "excellent" rating.

Band Show of 1950

"Music Around the World," the 1950 Band Show, was presented in the D.U.H.S. auditorium April 19, 20 and 21. The production, under the direction of William L. Cargile, had as its foundation the music department and featured many talented students.

This year's show went into something different and more exclusive. A black lighting effect was used, illuminating the costumes of Irish Collens and Chinese Chop Chop girls. The special scenery used was brought directly from the Grosh Studios in Hollywood.

The Band Show is considered the outstanding school event of the year and has gained praise and popularity throughout the Alta District and parts of the San Joaquin Valley.

Organizations

To the organizations of our school we dedicate this page of the annual. Due to the function of these different clubs and organizations our students learn to cooperate to a better extent with both teachers and classmates. In addition to this important factor, the groups also contribute much to the welfare of our school and the pleasure of both students and faculty.

Among the different activities of the groups is the sponsorship of school dances. Another project, sponsored by the C.S.F., is the sending of aid to a European high school. This project has proved to be a most successful undertaking.

The advisers of the respective organizations have done much to help and encourage their club members to accomplish greater and better things this year.

In carrying out the theme of this year's annual, "Building and Progress," you will notice several changes in the arrangement of the book.. This not only gives the book variety, but a change in style from former years.

There are so many people who deserve credit for the making of the annual that I couldn't begin to name them all; but I do wish to thank all of the teachers for their

cooperation in letting students out of class for pictures. My assistant editor, Bobbie Collette, for all the help she gave me, and my entire staff. Last but by all means not least, "Pop" Freeman. If everyone could only know the work he puts into each annual, I am sure they would appreciate it twice as much.

The thirty-first year of publishing the Emerald and White has drawn to a close. In all respects this has been a good year for the paper, with the accent having been placed on pictures and features.

At the annual Press Conference in Fresno in April, the Emerald and White received

a rating of 805 points out of a possible 1000, which is classed as excellent.

Considering the fact that all work is done by students, the staff and its advisor, "Pop" Freeman, should be commended for their fine work.

Junior Class Play

The annual Junior Class play, "Henrietta the Eighth," was presented January 27, 1950. The play was under the able direction of Miss Faith McCracken, and proved to be a great success. The cast was well chosen and fitted their parts well.

Jo Anne Hutson had the leading part as Henrietta. She was the eighth secretary for Clair Sutton, a middle aged woman with a family of three strictly teenage daughters. The girls knew from the start they wouldn't like Henrietta and began their usual scheming. Upon arriving, Henrietta proved very likeable and later on they became very good friends. After an exciting climax, Henrietta reveals the fact that she was an author getting a story for a new book.

Student Body Play

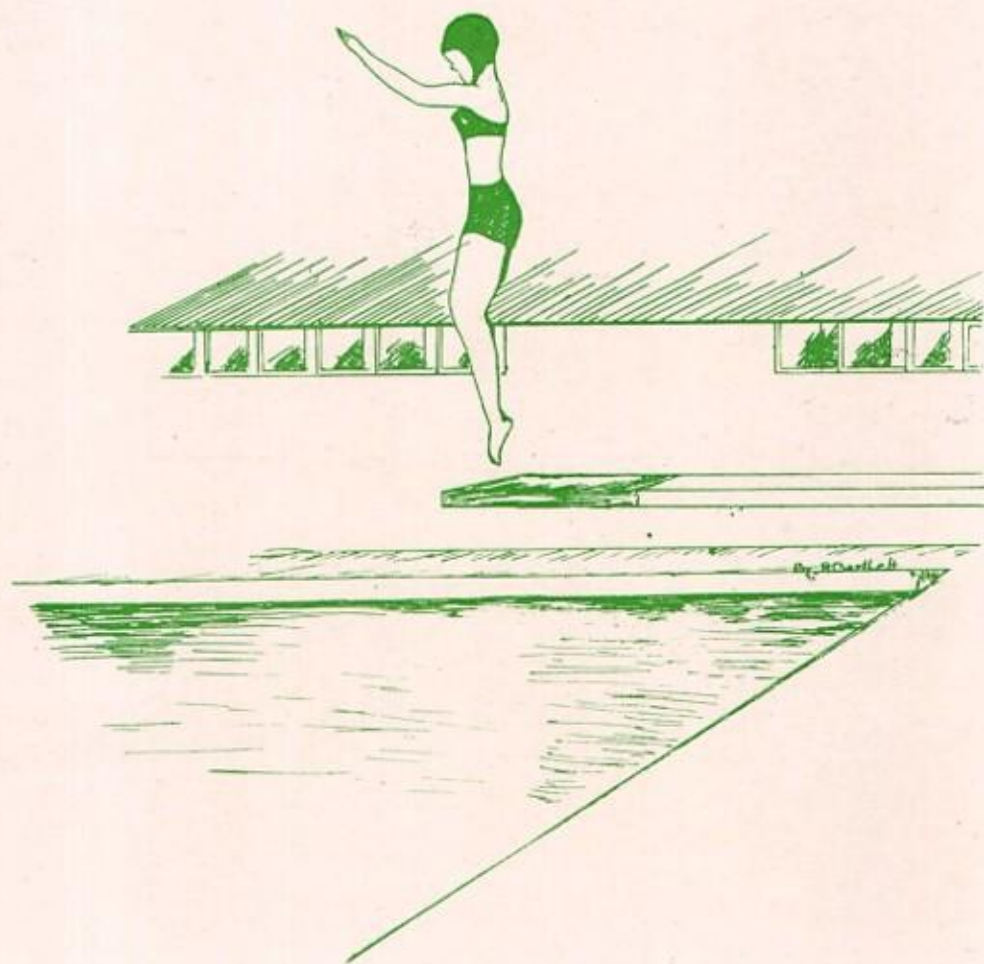

A mysterious girl spent the day in a closet and the neighbor boy got his friend in another mixup when "That Brewster Boy", the Student Body Play was presented March 10, 1950.

It began when Joey Brewster decided his friend, Pee Wee, needed more experience with the opposite sex so he has Pee Wee correspond with "Dear Alone in the World." Meanwhile, Joey's father and sister are planning a surprise party for Mother to celebrate her and father's wedding anniversary.

"Dear Alone in the World" arrives on the scene with quite a tale and is promptly put in the closet by the boys, suspecting trouble. She is followed by her mother demanding to know where her daughter is, which adds to the confusion. After the boys have managed to straighten matters out, mother informs them their anniversary isn't until next month.

The play was directed by Bonnie Sly. Sets were constructed by William Cargile and the stagecraft classes.

Coaching Staff

These are the men who train and back our teams in victory or defeat. For the past few years our coaches have done an extra good job considering the facilities they had to work with. Even working under such conditions our teams have shown great improvement this year.

We salute our coaches for a job well done, and for leading our teams on toward great progress in all the fields of sport and sportsmanship.

With the new gym open next year our teams should show even greater progress.

Pep Leaders

Harold Harautuneian and his able assistants have raised the school spirit considerably this year. Harold gave the players an incentive to raise their points by doing pushups in his yells.

Mary Ann Roque and Marian Gregg began the season as assistants, but Phyllis Hamilton took Marian's place when basketball began. The three yell leaders have done extremely well considering the fact that all of our home games were played in Visalia because we had no gymnasium of our own.

Varsity Football

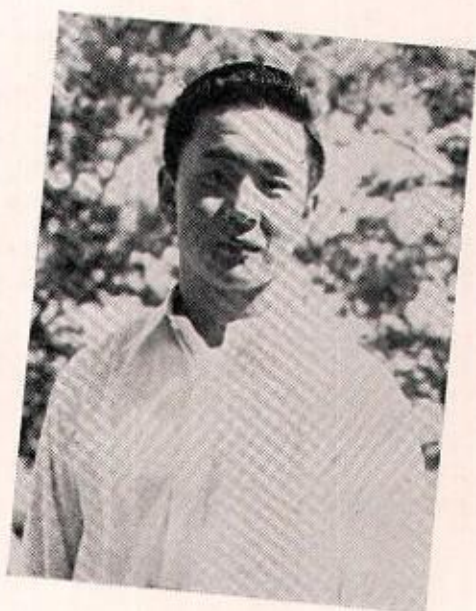

The 1949-50 heavyweight football team had a better than average grid season. The Emps started the season with two practice games, defeating Reedley 18-6 and then coming back in the last few minutes of play to defeat the powerful Kingsburg team 26-25.

Starting the league games, the Emps were handicapped by several injuries. Los-

ing the first two league games, and recovering from injuries, they won four out of the five remaining games.

The varsity piled up 203 points to their opponents' 106 points. Using the T formation, every play was a threat to the defensive teams.

Congratulations, Coach Allen and the varsity squad on your fine showing.

Lightweight Football

The Dinuba Lightweights again brought home the Sierra League championship trophy for the second consecutive year.

The Baby Emps piled up a record of 18 wins and no losses or ties in a two-year span. Three members of the team placed on the All-League team, and the other eight players were either on the second team or received honorable mention.

The lightweights had a speedy backfield with a fast charging line. Using the T formation, the team had enough talent to use every play in the book.

The lightweights scored 261 points to their opponents' 26. A lot of credit should go to Coach Marks for training and developing such a fine bunch of boys.

Varsity Basketball

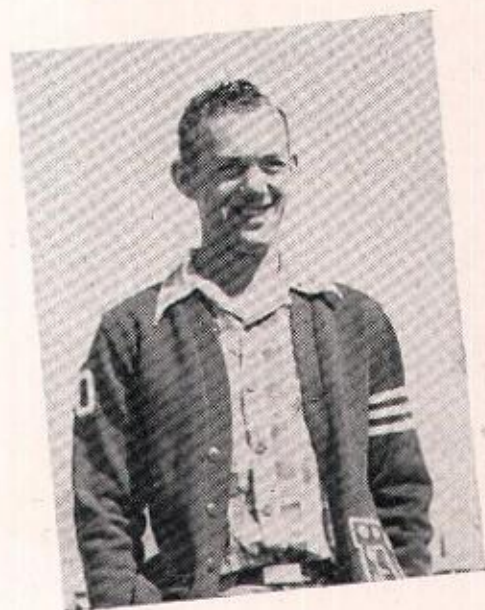

The 1949-50 basketball season was rather unpredictable for the Dinuba Emperors. First of all Dinuba was forced into the big San Joaquin league, where competition was far too stiff for her. Although practicing facilities were poor, having to travel to Visalia every day, the Emps did quite well considering their handicaps, winning three league games and losing seven,

to wind up in fifth place.

Dinuba won eight games and lost ten of her complete season total. She scored 718 points to her opponents' 761.

Although the local boys were not the best, they were considered one of the most spirited teams in the league.

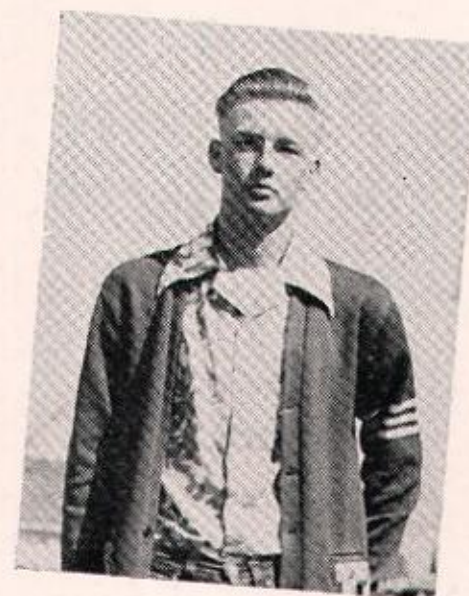

All in all, Coach Carruth and his boys did a swell job this year. Congratulations!

Lightweight Basketball

After taking championship in the Sierra League in 1948-49, the lightweights, too, were put into the San Joaquin league this season.

Despite the fact of tough competition and inconvenient practice sessions, the lightweights came through with a four-win,

six-loss record in league play.

The lightweights scored 514 points to their opponents' 461 for the season.

The Baby Emperors did a swell job this year and both the players and Coach Goehring deserve a pat on the back for their efforts.

Back row, left to right: Coach Goehring, E. Celaya, D. Gant, B. Ball, J. Rivera, G. Cholakian, J. Slayton, M. Fillmore, J. Southard. Front: M. Rivera, J. Campos, C. Bustamonte, G. Nii, J. Ward, D. Montague, S. White, D. Chakerian, R. Holly.

Baseball and Track

The Dinuba Emps had a better than average baseball season this year. The boys were well trained by Coach Goehring, who spent his first year here. Eight of the boys were seniors, so next year there will be almost an entire new team. The game of the year was won by Orosi by a score of 2 to 1.

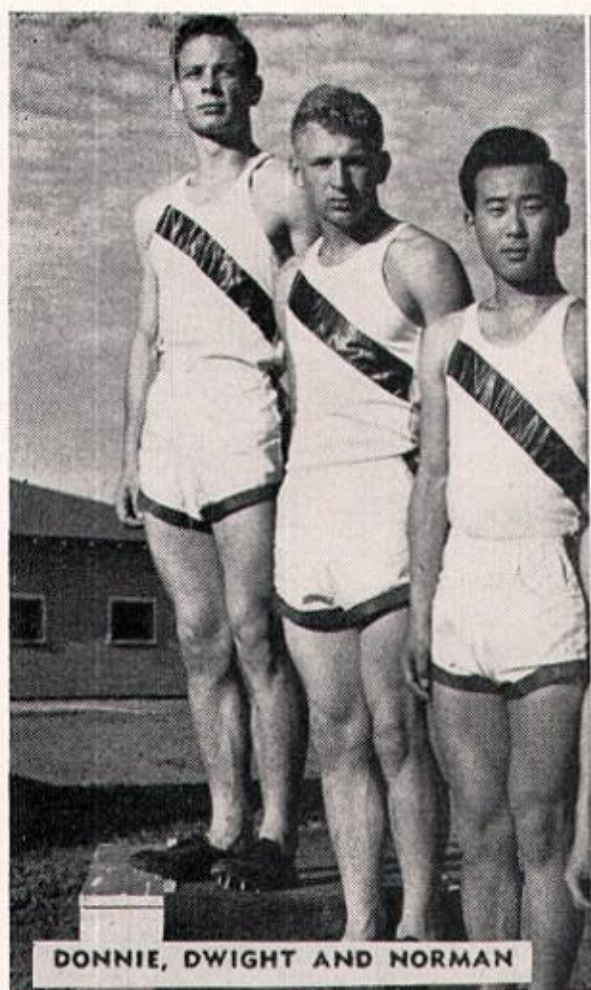

Coach Allen and his track team won numerous medals and awards this year. A lot of work has to be put into track before anything can be accomplished.

Dinuba won the dual meet with Orosi, which gave us a guarantee of winning the perpetual trophy.

Girls' Sports

BONNIE JO SLY

The girls' P. E. classes have a new coach this year. She is Miss Bonnie Jo Sly, better known as 'B. J.', who hails from the University of California at Santa Barbara.

The girls participated in soccer, volleyball, hockey, basketball, tennis, and softball.

This year the interclass sports were handled differently, compared to last year. The girls didn't have class competition. Instead they had a mixed group and without their cooperation it could not have been a success. Championship team in volleyball was the sixth period girls, with Grace Wortman as captain. The girls had championship teams between classes instead of in inter-class.

The point system to become a member of the Girls' Block D has been changed. It formerly required 500 points, but now it takes 800 points. The reason for this change was to raise the standards for the Girls' Athletic Association.

Playdays were held at Reedley, Orosi, College of Sequoias, and at Kingsburg, where basketball, volleyball, baseball, tennis, table tennis, swimming, and folk dancing was enjoyed.

Annual Adviser

Charles H. Freeman

Following the theme of this year's annual we have chosen a teacher whom we feel has done much for our school in the field of "progress." I am sure you will all agree and most of you know him as none other than "Pop" Freeman.

"Pop" has, from year to year, worked with the editors and staffs of both the

annual and newspaper. He has built up, not only a fine print shop, but has made a very good standing throughout the area for our annual and newspaper.

Dinuba is one of the few schools of its size which is able to do such a large amount of the printing of both our annual and paper in its own print shop. "Pop" has worked hard over a period of years to build our print shop up so it can not only be a credit to our school, but a benefit to those who use it.

In addition to printing the annual and newspaper, "Pop" also takes pictures which are displayed in them. He has built up a photography department of which our school may well be proud.

So, to a person whom we feel is very deserving we wish to thank and congratulate you, "Pop" Freeman for what you have done for our school to move it a step higher in two of the fields of progress.
